The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Soll et al.

Soll et al teach minimizing damage to endothelial and epithelial cells by treatment with chondroitin sulfate prior to surgery (abstract). A molecular weight of 50,000-100,000 is disclosed (column 3 lines 8-10). A concentration of 0.5-30% is disclosed (column 5 lines 64-66). A protective coating is specified (column 5 lines 31-32).

Applicants argue that by making an obvious double patenting rejection over US 5,080,893, the examiner had admitted that the instant claims are not patentably distinct over '893. Thus, because '893 was found allowable over Soll et al, applicants assert, the instant claims must also be patentable over Soll et al. The conclusion, however, does not necessarily follow from the premise. '893 was found patentable over Soll et al because Soll et al teaches a molecular weight of 50-100K (column 3 lines 7-12), below the molecular weight of about 500K or above claimed in '893. However, in instant claim 1, applicants claim a molecular weight of about 50K or above. Thus, Soll et al is prior art over instant claim 1 and dependent claim 7.

Claims 1, 7 rejected. Claims 3-6 are objected to as dependent upon a rejected claim.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
